Virginia Medicaid Innovation and Reform Commission
VA

Dear Medicaid Innovation and Reform Commission,

I understand that your Commission will be deciding whether Virginia will expand Medicaid under the Affordable Care Act. Your decision to do so would save money and lives. I support expanding Medicaid and health security in Virginia right now. Virginians of every income level need the security of knowing that when they get sick, they can see a doctor without an enormous bill once they've gotten well. But they won't have that security unless we expand Medicaid in Virginia. Among those affected would be veterans, nurses and home health care providers, and working families. It's time to move forward with implementing the Affordable Care Act to make our health care system better for everyone.

Sincerely,

Diane Jones
