Virginia Medicaid Innovation and Reform Commission  
VA

Dear Medicaid Innovation and Reform Commission,

Expanding Medicaid benefits all of us by bringing down healthcare costs. We save money by keeping patients who cannot pay for their care out of emergency rooms and prevent hospitalizations..

Expansion also means fewer days of work lost, many times without pay for the most vulnerable who need help to get ahead in order to be contributing members of our communities and to raise children who may do the same.

Sincerely,

Elizabeth Christeller
