Comment - Dear Chairman Hanger and members of the Medicaid Reform and Innovation Commission, Thank you for the opportunity to submit a comment about expanding medicaid. I am a wife and mother of two. My oldest son is autistic and receives medicaid services. These services have been a huge help to my family. They have helped us provide much needed care for our son that we would not have been able to afford on our own. I feel it is important for all Virginians to have access to quality coverage. Virginia tax payers are sending about 2 billion dollars a year to Washington to fund other states who are taking advantage of the federal money to expand medicaid. If we expand medicaid, Virginia will see 2.6 billion dollars of that money in 2015 alone. You can help bring some of that money back to Virginia. I urge you to stand up for Virginians and take action to expand medicaid.
