Comment - I cannot send a PDF file so I have sent an email but want to make sure my voice is heard so am trying this as well. Here is what I said in my email: By not accepting federal funds to expand Medicaid in our state, the Governor is preventing thousands of his state's citizens from having much needed health care. He is also insuring that I and other tax payers will continue to pay for those who cannot afford to see a doctor at the onset of an illness thereby preventing progression until emergency room treatment or hospital confinement is necessary. Accepting funds from the federal government as a way to help the now uninsured, AND the taxpayers, seems both sensible and compassionate. Medicaid should be expanded."
