First Name - Eric

Last Name - Klanderman

Organization Name -

Comment - NO! - to Medicaid Expansion That's the short answer. It's all well and good to have "feel good" commentary and rationale about extending some new government program. But than the reality of paying for it must be considered. If the commission can simply and clearly enunciate how this "innovation" comes without cost I may be convinced to change my mind. So far I've not heard it!
