Dear Members of the MIRC Commission,

For individuals who are healthy, working and has insurance, they do not know how difficult it is to be very sick,broke with no financial support to pay for needed health care costs. Families with elderly parents or and very sick family members often run out of resources, have to work to sustain the family, and so are unable to take care of the sick family member.

When this happens,which is mostly the case, the very sick depend on us Virginians and the Nation as a whole to care for them. We as a people should not fail and abandoned them. Expanding Medicaid is the right thing to do.

I Florence Madu is therefore voting a strong yes to this proposition on behalf of the sick helpless Virginians

Thanks for considering my vote.

Sincerely,

florence Madu
