First Name - Glenn

Last Name - Danks

Organization Name -

Comment - How can we possibly pass up an opportunity to cover 400,000 Virginians who currently have no health insurance when revenues to pay for this will be raised regardless of what is decided? It is morally imperative to cover these people and studies have shown it will help the economy too. Please don't require perfection in the Medicaid system to allow this tremendous improvement to the lives of poor people in the Commonwealth to occur.
