Dear Medicaid Innovation and Reform Commission,

I am taking time from my busy schedule to send you the urgent message to expand Medicaid because daily I see persons who are struggling with many challenges, stressors, and obstacles and I believe it's in all of our best interests to better care for those who otherwise live on the edge.

We can assist the problems with vulnerable Virginians before they begin, making children more secure, improving mental health to make crimes like school shootings less likely, saving money in emergency rooms, other emergency services and the list goes on.

Thank you for your service. Please listen to the stories and needs of Virginians of low income.

Sincerely,

Greta Kreider
