First Name - Helen**Last Name** - Adams, M.D.**Organization Name** - Virginia Physicians

Comment - To the members of the commission, As a primary care physician in the commonwealth of Virginia I feel it is imperative that we provide low income residents with health insurance through medicaid expansion. I care for too many patients for whom an unforeseen illness brings about financial crisis or ruin. I see patient who have delays in diagnosis or care due to poor access without insurance with devastating consequences. The importance of acting on Medicaid expansion cannot be overstated. Please act now to support the most vulnerable Virginians.
