First Name - James

Last Name - Daffron

Organization Name -

Comment - I strongly oppose Medicaid expansion. It will not serve Virginians well. As we have seen in the past, Government dollars come with Governments strings attached, and always end up requiring far more state dollars to be spent that projected. Virginia can better serve all of its citizens by managing its programs without Federal intervention and more costly Federal Rules, Regulations and ONE-SIZE-FITS-All Requirements. Very few, if any, have found ONE-SIZE-FITS-ALL really fits them. No Medicaid Expansion!!
