First Name - James**Last Name** - Gillespie**Organization Name** - St. Charles Church Arlington, Va

Comment - Please expand the VA Medicaid program so that the thousands of poor working families can have access to medical care. I volunteer at a food bank that helps provide assistance to WORKING families that do not make enough to feed their families in northern Virginia. These folks do not have access to health care, nor do their children. If we are to do the right thing, this must be changed. Please do it! Thank you for your good work. Jim Gillespie
