Virginia Medicaid Innovation and Reform Commission  
VA

Dear Medicaid Innovation and Reform Commission,

In order to .....insure domestic tranquility,.....promote the general welfare.....we must warrantee the health of all citizens, adults as well as children. Food, clothing, shelter, education, health care - are the essential requirements of a dignified and productive citizenry. I implore, indeed, demand, the expansion of the Virginia Medicaid program to include our fellow citizens who are ineligible for inclusion in the new ACA system or in the existing Medicaid system.

Sincerely,  
James R. Lawrence

Sincerely,

James Lawrence
