Comment - As the former chairperson of the Region Ten Community Services Board, I strongly urge you to expand Medicaid. We have too many people in need to turn our backs on federal funds that would help us solve a major problem in the state. It is a shame and a disgrace that Virginia ranks near the bottom of all states when it comes to Medicaid spending. Ask any City Manager, Town Manager or County Executive and they will tell you of the long lists of needs in their communities that this would help to meet. Thanks for the opportunity to comment.
