First Name - John

Last Name - Edwards

Organization Name -

Comment - Please do not expand Medicaid. Sure the expansion is paid for by the federal government for a few years but after the federal payments stop Virginians are on the hook to foot the bill. Where will this money come from? More taxes! We just had the biggest tax increase in Virginia history. This Medicaid expansion is not going to be a windfall for the state but a huge future burden on Virginia taxpayers. Please do not expand Medicaid!
