Dear Medicaid Innovation and Reform Commission,

I support expanding Medicaid. Health Care is a fundamental right not a privilege, and our collective consciousness needs to be raised on this issue.

This is a matter of HEALTH SECURITY...everyone is entitled to that security, not just the well-employed and the wealthy. The working poor have a right to health security as do the under-employed and the unemployed.

And PLEASE don't say COBRA is available. It is unaffordable by any stretch of the imagination for someone not working, or poor. Expand Medicaid, Virginia will benefit from it.

Sincerely,

Josephine van drielen
