Comment - I live in a small, rural community in the extreme southwest corner of Virginia. Our community is dying because of poverty, pharmaceutical drug abuse w/o affordable, available treatment; no employment. The most recent business to close was the Wellmont Hospital; taking with it 190 jobs and access to emergency health care. The need for Medicaid expansion, as well as, other necessary measures to end poverty are in the hands of our trusted servants. PLEASE SERVE US WITH HONESTY AND TRUSTWORTHYNESS.
