**Comment** - Thanks for the chance to participate.

**The health of low.pdf**

18K

The health of low-income Virginians will be paid for, one way or another. We should not hide these costs in lost working hours, in the worsening conditions of untreated individuals, and in the inefficient use of emergency rooms. Instead, let's take our share of Federal dollars and use the well established the Medicaid system to make Virginians healthier and more secure.
