Dear Members of the MIRC Commission,

Virginia is in much need of Medicaid Expansion. I am a small business owner and recently my business went under due to an accident I had while on the job. I do not have health insurance because I cannot afford it. Last year I fell off a 12 foot ladder head first onto concrete. Broke my leg in two places and my hand had two broken fingers and torn tendons. when I went to the emergency room I was discarded and misdiagnosed. I was only there for 2 hours. I never got a cat scan of my head. I had suffered memory loss, lack of concentration, and depression. Because of the misdiagnosis on my leg and hand I suffered more injury and pain. The personal loss of not having health insurance is great , and an impact on the economy of Virginia.

Sincerely,

Kenneth Kirk
