**First Name** - Linda

**Last Name** - McNabb

**Organization Name** - Peidmont Access to Healthcare

**Comment** - If Medicaid is not expanded we will have hundred's if not thousand's of Patients that will not have medical coverage. This a not wise call for those patient's that depend medical care for severe problems. PLEASE do not take Medicaid away from those that depend on it and have no other way to get health insurance. Thank You.
