Comment - I have been a nurse for 28 years. I am now a Nurse Practitioner in primary care. Our system is so broken millions of people are living with debilitating injuries, illness and pain in the wealthiest nation the world has ever known. For the following reasons, I support(WANT my tax dollars to be spent) the expansion of Medicaid in Virginia!!! I know many people personally who do not have health insurance, expanding Medicaid is important to me and them. All Virginians deserve access to healthcare- expand Medicaid now! Medicaid expansion bridges the coverage gap, ensuring that 400,000 Virginians have access to high quality affordable healthcare The expansion will create 30,000 new healthcare jobs Medicaid expansion will be 100% federally funded for the first 3 years and then 90% funded by the federal government starting in 2020 Access to insurance improves financial health for families and individuals.
