Dear Chairman Hanger and Members of the Medicaid Reform and Innovation Commission:

I appreciate the opportunity to comment on the work of the MIRC. You have an important decision before you, and I urge you to support Medicaid expansion. I live on a block that contains public housing, and without that expansion, a number of children that I know and love would not be able to receive medical care—care of a sort that I was able to provide my own son. It is unimaginable to me that these children could be left without medical care.

The federal government has put money (a large amount of which has been provided by Virginia taxpayers) on the table, and I think it would be fiscally imprudent, not to mention ethically problematic given what I have said above, not to use it. Please support Medicaid expansion.

Sincerely,

Margaret Miller
