First Name - Margaret

Last Name - Sequeira

Organization Name -

Comment - As a religious leader I know and believe that healthcare is a fundamental right - not a privilege for the few. Expanding Medicaid is both morally the right thing to do AND it is the right thing economically and politically for Virginia families. We need to stop putting ideology and politics ahead of the very real needs of real people here in Virginia. It is time to put people first and politics second - we must expand Medicare now!
