Dear Medicaid Innovation and Reform Commission,

I encourage you to support an expanded Medicare for Virginia. Too many families already living on the margins are stressed about how to pay the rent, buy food, etc. They can not afford healthcare and need Medicaid in order to manage their medical needs. If these people have no health insurance they not only suffer themselves, but we all suffer by virtue of the fact that their health care costs skyrocket because of postponed or delayed care.

We all win by expanding Medicare.

Sincerely,
Mary Catherine Wimer, MD

Sincerely,

Mary Wimer
