Dear Medicaid Innovation and Reform Commission:

Please expand Medicaid coverage in Virginia. To do so would not only be fair to the hundreds of thousands of Virginians, including their children, who need this assistance. It will also cast the Commonwealth in a better light, compensating to some, albeit a limited extent for Virginia's recent shuttering of healthcare clinics where women and the needy in Virginia go for comprehensive care.

It's late in the day, but there's still time to do something for Virginia's neediest people--if you do so before healthcare spoiling politicians who oppose working for the general welfare start harming us even more.

Thank you for the opportunity to present my views to the commission. I hope you will decide to expand Medicaid coverage.

Sincerely yours,

Mary Faber
