First Name - Mary Lou

Last Name - Wylie

Organization Name -

Comment - Please expand Medicaid coverage to provide access to good health care to the most vulnerable Virginians. This expansion would also improve hospitals and provide thousands of new jobs in Virginia. Don't let our tax dollars leave 400,000 Virginians without health care while providing health care for the needy in other states. Since our tax dollars will be providing health care for Americans, be sure that Virginians are included.
