**First Name** - Mary Tynan

**Last Name** - kelly

**Organization Name** - self

**Comment** - My father taught me the importance of voting as a young girl and I have voted for pretty much everything since 1969. I have driven from Orlando Fl. and Chesapeake. Va. to vote in Botetourt County. This being said I truly believe it is in the states best interest to support the favor of the Medicaid and the new health initiative. I being one of the people who will benefit am on disability at the age of 62 and recently also received Medicare. This bill will help me not worry about living on the streets if something beyond my means financially happened. There are a lot of Virginian who are only one pay check from being homeless not because they are not willing to work but because of means beyond their control. I really hope those in power will look out for the little guy because it is only because of the grace of God you are not in this boat but no one can control their medical status in the future no matter how rich you may be now. Thank you.
