First Name - Matthew

Last Name - Dedes

Organization Name - Private citizen

Comment - I strongly support the expansion of Medicaid in Virginia. Without its expansion some of the state's most vulnerable citizens will be caught in the outrageous situation of making too little income to qualify for aid under the Health Care Reform law. Extending coverage will also reduce the financial burden on hospital emergency rooms which currently bear most of the costs associated with the treating the poor. It is immoral not to extend health care coverage to Virginia's most disadvantaged citizens.
