Dear Members of the MIRC Commission,

Everyday we see children that for one reason or another don't have any health insurance so their parents has never seeked any type of medical treatment or well exams for them. Becasue of this by the time we see them there has been permanant damage done in some vitals areas of their little bodies because they simply could not afford to go not to mention their hygiene has suffered as well as their cognitive abilities and some physical. Pelase help us help them.

Sincerely,

Melisha Smith
