Dear Medicaid Innovation and Reform Commission,

Virginians of every income level need the security of knowing that when they get sick, they can see a doctor without an enormous bill once they've gotten well. But they won't have that security unless we expand Medicaid in Virginia.

Veterans, nurses and home health care providers, and working families , to name a few, would benefit from expanding Medicaid. It's time to move forward with implementing Obamacare and make our health care system better for everyone.

Sincerely,

Melissa Peters
