Virginia Medicaid Innovation and Reform Commission
VA

Dear Medicaid Innovation and Reform Commission,

Virginia needs to expand health care so that those who can't afford care can get it. Covering these people costs taxpayers less in the long run than paying for them to be hospitalized, have expensive procedures, etc., when they're really sick and/or dying. It's also the humane thing to do. Too many people put pets and animals ahead of needy human beings. Virginia needs to get its priorities straight!

Sincerely,

Michael Kelley
