Comment - I entreat the commission to expand Medicaid for my fellow Virginians. My family is in the tax bracket where we will pay the additional tax specified for funding Medicaid expansion and we would like those dollars to come to Virginians. I am uninsured due to a pre-existing condition and obviously would not qualify for Medicaid. But I know how it feels to be without health insurance. You are constantly worrying whether this will be the day that you will be diagnosed with something that will financially destroy your family. You avoid going to the doctor because you don't want to find out and you just hope the pain you are feeling goes away. I want to alleviate that fear for Virginians. I want Virginians to not be afraid to go to the doctor if they feel sick. Please make that a reality by expanding Medicaid.
