Virginia Medicaid Innovation and Reform Commission
VA

Dear Medicaid Innovation and Reform Commission,

I have excellent coverage under Medicare, but I know many younger people who are working but still can't afford health insurance. Those who are lucky enough to get some health insurance at work feel they can't switch jobs and grow their careers because they can't afford to lose that insurance. Make sure Virginians have the chance to get expanded Medicaid so they can shed one deep worry about health insurance coverage.

Sincerely,

Penelope Manners
