Virginia Medicaid Innovation and Reform Commission
VA

Dear Medicaid Innovation and Reform Commission,

For too long, Health care of any sort was a luxury of those with money, the young, and the able -- the least vulnerable, in other words. But if we as a Nation, as a people, and a commonwealth are to be judged by history, our capacity to take care of the least protected must be paramount. That's what this Nation was founded on, and that's why we have medicaid. For the physical, the moral, and the overall well-being of Virginia, we need this.

Sincerely,

peter burris
