Comment - Provide not only Medicaid in Virginia, but do provide a Sigle Payer like the one is in Canada. In addition, the great, independent, and neutral country of Switzerland is moving closer to guarantee an income of \$3,000.00 per month per Swiss citizen regardless of being employed or not. Do provide every U.S. citizen and Virginia resident with a guaranteed income of \$3,000.00 per month regardless of being employed or not, and this would eradicate poverty in Virginia. Do follow the Swiss example, please.
