**Comment** - Having served as both pastor and chaplain, I have witnessed the despair of those who have no medical insurance coverage. The Affordable Care Act may not be perfect (most large legislations do need further tweeking), but it is a great step in the right direction. Having attended numerous discussions (presented by both sides) and studying the majority of the bill, I find those opposed to the bill to be acting out of political malice, not for the benefit of our state. Please, begin implementation now. Don't allow the great state to continue to fail as far as medical coverage is concerned.
