Dear Chairman Hanger and Members of the Medicaid Reform and Innovation Commission,

Thank you for your diligent work in forwarding our beautiful home. I am speaking in favor of expanding Medicaid. Please let Virginia join the rest of the nation in supporting it's residents who need the most help with medical care. Health is an absolute necessity in life, beyond goods and greed. Consider letting others afford healthy lives, and not only providing adequate health care to those who already can afford it.

Other states are waiting for our decision. Please lead them in the right direction.

Sincerely,  
Sarah Soderbergh
