Virginia Medicaid Innovation and Reform Commission  
VA

Dear Medicaid Innovation and Reform Commission,

As someone who was jobless for almost 4 years, I relied in Medicaid to insure myself and two teenagers. I'm middle aged, have worked since I was 16 years old (paying taxes all those years!!) and never dreamed I would need any sort of public assistance...but I did. I am grateful to have had the safety net when I needed it and everyone should know that if-dare I say WHEN- they fall on difficult times their health care needs can be met. I strongly urge VA lawmakers to embrace the Affordable Care Act and make benefits under the LAW available to citizens of the Commonwealth.

Sincerely,

Stephanie Hyman
