About file - I just want to say that I am against expanding all Medicaid. I am so tired of working so many of the citizens, both legal and illegal, can live off the states working class. Why so I work and pay taxes to let other able bodied people live on welfare and Medicaid. I have a son with a very serious health issue and Obamacare is destroying his healthcare system. I see how much has changed the last few years since Obamacare was voted on by our elected officials. I pay for my son's healthcare because I am willing to work, my son will suffer due to this bill. NO MEDICAID EXPANSION, why should I work anymore my son's life is at risk. I am angry that this bill is going to hurt him while other people who pay nothing into the system and who are not even American citizens get it for free. NO JUSTICE.
