 **Virginia Medicaid Expansion Request.pdf**
5K

October 14, 2013

Madame, Sir,

I am a citizen of Falls Church, Virginia and very dedicated to the well-being of my fellow citizens. I believe that with recent cuts to Medicare and DSH payments under the Affordable Care Act, Medicaid expansion is needed to fill the gaps for providers and our safety net. Medicaid expansion will also boost the economy by creating new jobs.

I urge you to stand up for Virginian families, young and old, and take action to expand Medicaid. This will also allow Virginia to get a return of its contribution to the federal money allocated nationwide to Medicaid expansion.

Thank you for your consideration,
Theresa Steverlynck
