Virginia Medicaid Innovation and Reform Commission
VA

Dear Medicaid Innovation and Reform Commission,

Dear Commissioners:

I support the expansion of Medicaid and health security in Virginia now.

Virginians at every income level need the security of knowing that when they get sick, they can see a doctor without an enormous bill once they've gotten well. But they won't have that security unless we expand Medicaid in Virginia.

Who would benefit from expanding Medicaid? In addition to patients, those who would benefit include veterans, nurses and home healthcare providers, and working families, to name a few. It's time to move forward with implementing the Affordable Care Act and make our healthcare system better for everyone.

Thank you for your consideration.

Sincerely,

Todd Bernhardt
